PROPERTY DESCRIPTION

Discover this inviting home at 1939 N Sevenoaks Way, Eagle, ID, a single-family residence built in 1997, offering 2004 square feet of comfortable living space. The vaulted family room is impressive with big windows overlooking a yard that includes fruit trees and berries. Enjoy the gas fireplace on chilly nights and more polished dining in the adjoining space. The dining kitchen includes a substantial breakfast bar, a drop-in gas range and double ovens. Beyond it, find the laundry with storage, a craft room or office space, and a half bath.

The primary bedroom features an en-suite bath with double vanities, a soaker tub and separate shower. Two nicely sized secondary bedrooms and a full bath complete the interior living space. The garage is a 3 car with an extra deep third bay for toy storage or perhaps a shop space. A covered patio off of the kitchen is perfect for the barbeque and a concrete pad around the corner is waiting for a hot tub or she-shed. The subdivision has many walking paths and water features, and downtown Eagle is a short distance away with its shopping, dining and other services. A bike park and the Eagle foothills are nearby too. Schedule your private viewing today and experience the lifestyle that this Eagle residence has to offer.
